Robertson Building Systems

INTERMEDIATE DRAFTER/DETAILER

Robertson Building Systems is currently looking for an **Intermediate Drafter/Detailer**.

You enjoy an innovative, fast-paced environment, interacting with professional builders and a dedicated design team. Responsible for the input of the building design and data provided by Engineering and Builder Services, resolve issues that may arise and issue erection drawings, shop drawings and details for fabrication.

Responsibilities:

- Prepare anchor bolt layout and erection drawings for projects of higher complexity, with minimum supervision.
- Prepare fabrication drawings that follow the design and are within the manufacturing limitations.
- Prepare cladding drawings with required flashing details.
- Prepare material take-offs and bills of material.
- Check work of other Drafters/Detailers as required.
- Communicate with Engineering and Builder Services to resolve issues related to design or manufacturing.
- Adhere to drafting standards, software, processes and procedures, while adapting them to varied conditions required by customers.
- Continuous productivity improvements without loss of accuracy or completeness, reduction of manufacturing cost, increased ease of erection and added customer value.

Qualifications:

- 2 year Architectural Technician Diploma or equivalent
- Minimum 3 – 5 years Drafting experience in structural steel buildings
- AUTOCAD 2008 or later
- Ability to interpret project specifications and drawings
- Ability to multi-task between orders as needed
- Detail oriented
- Self-motivated and ability to work with minimal supervision
- Excellent written & verbal English language skills and math skills are a pre-requisite

Interested Applicants can forward their resume to:
Human.Resources@RobertsonBuildings.com

We thank all candidates for their interest, however, only those being considered for an interview will be contacted.
