

Using leading edge engineering design and manufacturing technology, Robertson Building Systems, an NCI Company, provides innovative engineering steel building solutions for the commercial, industrial and institutional segments of the construction industry.

INTERMEDIATE DRAFTER-DETAILER

Our Ancaster office is currently looking for an Intermediate Drafter-Detailer. The Intermediate Drafter's primary responsibility is the inputting of building designs provided by Engineering & Builder Services. Prepare higher complexity erection/fabrication drawings per design requirements & within manufacturing limitations. Detail building components, prepare material take-offs & bills of material. Check work of other Drafters/Detailers. Resolve issues related to design or manufacturing. Adhere to & apply drafting standards, processes & procedures.

RESPONSIBILITIES

- Prepare anchor bolt layout and erection drawings for projects of higher complexity, with minimal supervision
- Prepare fabrication drawings that follow the design and are within the manufacturing limitations
- Prepare cladding drawings with required flashing details
- Prepare material take-offs and bills of material
- Check work of other Drafters/Detailers as required
- Communicate with Engineering and Builder Services to resolve issues related to design or manufacturing
- Adhere to drafting standards, software, processes and procedures, while adapting them to varied conditions required by customers. Continuous productivity improvements without loss of accuracy or completeness, reduction of manufacturing cost, increased ease of erection and added customer value

ATTRIBUTES

- Detail oriented
- Strong interpersonal skills
- Clear and effective written and oral communication skills
- Ability to recognize and adhere to established deadlines and schedules
- Self-motivated and ability to work with minimal supervision
- Effective task management skills
- Accountable and Reliable
- Cultivates effective working relationships
- Highest regard for confidentiality
- Exemplary Customer Service skills

QUALIFICATIONS

- 1- to 3-year Architectural Technician Diploma or equivalent
- Minimum 5 years drafting experience in structural steel buildings
- Steel manufacturing experience is an asset
- AutoCAD 2017
- Knowledge of TEKLA or other 3D Design programs an asset but not required
- Ability to interpret project specifications and drawings
- Ability to multi-task between orders as needed

The closing date for receipt of application is July 11, 2018

**Please submit resumes online or forward to:
Human.Resources@RobertsonBuildings.com**

We thank all candidates for their interest; however, only those being interviewed will be contacted.
